

## **SP 17.3 Fabrication Subcontracting**

### **Substantive changes made for the 3-29-06 version:**

- 1) Converts SI 17.2 into SP 17.3 and changes all SI references to SP.
- 2) Deletes all references to *Request For Shipment* form since this form is no longer used.
- 3) Deletes all references to *Material Use Certificate* form and deletes it as an exhibit.
- 4) Deletes *Material Use Certificate* instructions as an exhibit.
- 5) Deletes the *Shipping Document* as an exhibit and mentions that they are available from the Department Administrator.
- 6) Adds section entitled "Disposition of Government Property" to direct the procurement specialist to SP 45.1, *Government Property*.
- 7) Changes the reference to SP 10.1, *Specifications and Standards – General*, to SP 11.1 *Specifications and Standards – General*.
- 8) Changes the reference to SI 42.1, *Expediting*, to SP 42., *Subcontract Administration - General*.
- 9) Deletes Payment Section because it stated that payment is made after receipt of the *Material Use Certificate* which is no longer correct.
- 10) Changes "Supplier" to "Subcontractor" throughout the SP
